Smartphones to Continue Being Biggest Contributors to Connected Devices Sales (2021 Value)

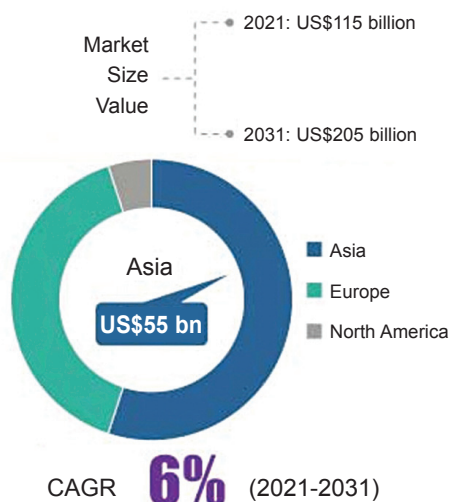

"The market as well as consumers are upbeat about the festival season which is around the corner. While the concerns of supply still hover over, it is expected that certain categories of smart devices will see record sales due to long-term impact of hybrid working models, attractive offers and hybrid channel structure," says Faisal Kawoosa, founder, TechArc

Category	Value (₹ billion)	Value (%)
Smartphones	2,233	71.41%
