

PLI for white goods receives 52 applications

The production linked incentive (PLI) scheme for white goods including components for ACs and LEDs has seen 52 companies applying to avail its benefits with an investment proposal of 58.66 billion rupees. Companies including Daikin, Panasonic, Hitachi, Mettube, Nidec, Voltas, Blue Star, Havells, Amber, EPack, TVS-Lucas, Dixon, R K Lighting, Uniglobus, Radhika Opto, and Syska have applied for the scheme, the Department for Promotion of Industry and Internal Trade said.

PLI scheme for drone and automobile sectors approved

The government of India has approved PLI scheme for automobile and drone industries with a budgetary outlay of 260.58 billion rupees. The PLI for drones and drone components industry over a period of three years will

lead to investments worth 50 billion rupees, increase in eligible sales of 15 billion rupees, and create additional employment of about 10,000 jobs. The PLI scheme for automobile and auto components industry will lead to fresh

investment of over 425 billion rupees, incremental production of over 2,300 billion rupees, and will create additional employment opportunities of over 750,000 jobs.

PEOPLE (on the move)

Saurabh Kumar of EESL resigns for personal reasons

Energy Efficiency Services Ltd (EESL) Executive Vice Chairperson Saurabh Kumar has resigned from his duties due to personal reasons. One of the individuals who had planned how EESL would look like and function, Kumar had initially not taken any role with the organisation. An Indian revenue officer, he was credited for conducting income tax raids on the biggest and most influential names in the history of India. Kumar in his career has also worked with the United Nations and Bureau of Energy Efficiency.
