India's Wearable Market Grows at 29.2%

India's wearable market experienced substantial growth, with a 29.2% year-over-year increase, reaching 48.1 million units in the third quarter of 2023. This growth is attributed to continuous new model launches across price points, particularly in the smartwatch and earwear categories.

Product Category	3Q 22 Shipments	3Q 23 Shipments	3Q 22 vs 3Q 23 Growth
Wrist Band	142.0	108.8	-23.4%
Smartwatch	12,005.5	16,929.1	41.0%
Earwear	25,039.1	30,948.6	23.6%
Total	37,187.8	48,051.5	29.2%
