

Wardwizard to invest ₹20 billion in Gujarat to develop EV ancillary cluster

Wardwizard Innovations & Mobility Ltd has signed a significant ₹20 billion Memorandum of Understanding (MoU) with the Gujarat state government to establish an electric vehicle (EV) ancillary cluster. The initiative aims to generate over 5000 jobs and enhance the electric mobility industry in India. The MoU was formalised during the Vibrant Gujarat Global Summit 2024 in Gandhinagar. The investment by Wardwizard spans various domains, including research and development (R&D) for electric 2- and 3-wheelers, motor assembly in Vadodara, lithium-ion cell production, and ancillary development for raw material production. Wardwizard's strategy emphasises in-house manufacturing of essential components such as lithium-ion cells and motor controllers, focusing on technology, R&D, and marketing expansion.
