

Calendar of Forthcoming Electronics Fairs/Exhibitions/Seminars/Events

Event, Date and Venue	Topics	Contact for details
India Smart Tech Conference 2023 December 8-9, 2023 Helipad Exhibition Centre, Gandhinagar, Gujarat	Accelerating smart solutions in the Indian Tech Ecosystem. Six incredible smart tech stages—Smart manufacturing, smart society, smart agriculture, smart healthcare, smart education, and smart finance	Website: https://indiasmarttech.com
VLSI 2024 January 6-10, 2024 ITC Royal Bengal, Kolkata	Theme: "VLSI meets AI and Quantum for Cyber-Physical Systems." A platform for collaboration between multinational corporations, startups, industry organisations, and academics to synergise with what India's East and Northeast regions have to offer.	Website: https://vlsid.org
NEPCON JAPAN January 24-26, 2024 Tokyo Big Sight, Japan	Asia's leading exhibition for electronics R&D, manufacturing, packaging, and more. Consists of six specialised shows in essential areas for electronics manufacturing and R&D, making it a one-stop venue for all in the electronics industry.	Website: https://www.nepconjapan.jp/hub/en-gb.html
India Electronics Week January 31 - February 2, 2024 KTPO, Whitefield Bengaluru	India's No. 1 event for creators of smart electronics solutions to discover latest techniques, best practices and technologies for developing electronics better, cheaper and faster, and meet service providers, suppliers and partners who can enable growth of your business.	Website: www.indiaelectronicsweek.com
IoTShow.in 2024 January 31 - February 2, 2024 KTPO, Whitefield Bengaluru	The conferences and hands-on workshops, cutting-edge talks and trainings by industry stalwarts and thought leaders will help build the skills you need to get ahead in the field.	Website: https://www.iotshow.in
EFY Expo Pune May 16-18, 2024 Auto Cluster Exhibition Centre, Pune	Electronics expo with conferences on automotive electronics, EVs, and Industry 4.0 (IIoT). Covers a wide range of electronics-related technologies products, and topics, including electric drives, battery management systems, and IIoT solutions.	Website: https://www.efyexpo.com/PUNE/?
Integrated Electronics Manufacturing And Interconnections 2024 (IEMI) July 29-30, 2024 Bengaluru	Themes: Advanced semiconductor packaging and aerospace and defence electronics. A networking platform for procurement and quality heads of OEMs, EMS, and semiconductor suppliers. Features top officials from government-owned defence, aerospace, and multinational corporations.	Website: https://www.ipc.org/ipc-india/iemi-2024-bangalore
EFY Expo Delhi & NCR August 2024 New Delhi	Major tech conference focusing on electronics, IoT, and AI. Simplifies new product development and manufacturing challenges in India. Offers assistance from leading suppliers, even for small batch productions.	Website: https://www.efyexpo.com/delhi-ncr/?
19th Everything About Water Expo 2024 September 10-12, 2024 IICC, New Delhi	South Asia's largest water and wastewater event showcasing the latest technologies and solutions in the water and waste management, endorsed by the Ministry of Jalshakti in India.	Website: https://www.eawaterexpo.com
Open Source India 2024 October 23-24, 2024 Bengaluru	Open Source For You magazine, in partnership with India's open source community and industry, brings various stakeholders under one roof to accelerate development and deployment of open source in India, and beyond.	Website: https://www.opensourceindia.in

Since this information is subject to change, all those interested are advised to ascertain the details from the organisers before making any commitment.

US, India partner to boost e-mobility adoption

India and the US are collaborating to expedite New Delhi's shift to electric public transport systems. According to the proposed plan, currently undergoing consultations among various ministries, the United States intends to allocate \$150 million (approximately ₹1250 crore) to establish a fund. This fund will act as payment assurance for firms providing electric buses to struggling state transport undertakings (STUs). Ongoing discussions aim to finalise the specifics of this financial arrangement.

Daewoo India to invest ₹3 billion in consumer electronics, E-2W market

Daewoo India plans to invest ₹3 billion in the next 2 to 3 years to expand its product offerings, focusing on consumer electronics and the electric two-wheeler market. The strategic partnership with Kelwon Electronics and Appliances and the launch of new power and energy products are part of this expansion. HS Bhatia, with experience at LG and Airtel, is leading this partnership. The company will initially invest ₹400-500 million per product category, followed by additional investment based on popularity.

Govt urges Korean investors to capitalise on remaining 80% of unused chip PLI funds

A senior government official called on Korean investors to capitalise on the unused ₹8 billion of a total of ₹10 billion earmarked for semiconductor production under the production-linked incentive (PLI) scheme. At the India-Korea Business Partnership Forum, Department for Promotion of Industry and Internal Trade Secretary Rajesh Kumar Singh urged a joint effort to boost bilateral trade to \$50 billion by 2030. Korean firms have invested \$5.6 billion in India since April 2000 and are now encouraged to participate in the semiconductor PLI and the emerging prospects in battery storage solutions.

India considers 5-year tax breaks for EV imports to attract Tesla

The Indian government is developing an electric vehicle (EV) policy to lower duty rates for foreign carmakers importing electric vehicles. The proposed incentive involves reducing taxes on fully-built EV imports for up to five years. The tax breaks are designed to attract companies, including Tesla, to enter the Indian market and eventually engage in local manufacturing. No final decision has been made on the policy details, and discussions are currently confidential.

MeitY, STPI, TiE Delhi-NCR partner to support tech startups

MeitY has partnered with the Software Technology Parks of India (STPI) and The Indus Entrepreneurs (TiE) Delhi-NCR to support technology startups across India by providing funding support of up to ten million rupees, a three-month mentorship, and access to a valuable network. At the launch event of the LEAP AHEAD initiative, inaugurated by MeitY Secretary S. Krishnan, 20 startups collectively received ₹61 million from NEXTGen Technology Fund1 and other investors. Seven MoUs were
