

Tata Tiago EV

Pros

- Good vehicle with good value for money
- Amazing 8-speaker Harman audio system
- Higher top speed than Citroen eC3, despite being in the same price band, which makes it safer for highway overtaking maneuvers

Cons

- Slightly lower ground clearance for a vehicle of this size: 165mm unladen
- Some users feel that the interiors look dated but fit the price range
- Lacks underbody protection

Citroen eC3

Pros

- Highway stability is good
- The lithium-ion battery pack has been integrated neatly into the wheelbase of the eC3, which gives it more trunk space and much better handling as well
- Has underbody protection all the way from the front to the back
- 170mm ground clearance is good, though it is 10mm lower than the C3

Cons

- Quality of cabin materials doesn't feel great according to user reviews
- Cabin width makes the interiors suitable for 4 adults, not 5
- Currently has a small dealer network, so there might be limited options for after-sales support
- No push start options available and interiors do not suit the 12-lakh price range
