

Greenfield manufacturing cluster being set up in Maharashtra

The Minister of State (MoS) for Electronics & Information Technology and Skill Development & Entrepreneurship, Rajeev Chandrasekhar, recently announced the approval of the greenfield electronics manufacturing cluster—the first in the state of Maharashtra. With the project cost of ₹928.5 million, the cluster will come up at Ranjangaon Phase III, near Pune. As per government estimates, this will attract ₹20 billion investment and generate 5000 job opportunities.
