

JOIN US IN TRANSFORMING YOUR IDEAS INTO REALITY

Helping our customers, succeed in endeavours by providing Environment including easy to use products, helpful tools and other resources.

Ethernet Relay Modules

Features

- 4/8/16/32 onboard Relays (12V/24V) available
- 250V/ 2-10A Relays
- 8/10 TTL (3.3V) compatible GPIOs
- 8/10 analog inputs (multiplexed with GPIOs) with 10-bit resolution
- Password-protected Web console and Telnet communication interface
- LED indication for Power and individual relay status

Products

- 8 Channel Ethernet Relay Module
- 16 Channel Ethernet Relay Module
- 32 Channel Ethernet Relay Module
- 4 Channel Ethernet Solid State Relay Module
- 8 Channel Ethernet Solid State Relay Module

Bluetooth Relay Module

Features

- 2 /8 onboard 12V SPDT Relay available
- 250V/ 2-10A Relays
- 2/8 TTL (3.3V) compatible GPIOs available
- 1/7 analog inputs (multiplexed with GPIOs) with 10-bit resolution
- Onboard USB Connector for firmware upgrade
- Class 2 Bluetooth Version with 10m Bluetooth Range

Products

- 8 Channel Bluetooth Relay Module
- 2 Channel Bluetooth Relay Module

Modbus Relay Modules

Features

- 16/32/64 12V SPST Relays rated up to 250V/5A each
- 8 IOs (Digital Inputs, Outputs)
- 6/8 analog inputs (multiplexed with IOs) with 12-bit resolution

Products

- Prodigy UR Series - 8/16 Channel Modbus Relay Module
- Prodigy ZRX Series - 16/32/64 Channel Modbus Relay Module

Services

- ⊕ **Automation and Data Acquisition Products**
- ⊕ **FPGA and Accelerated Computing Products**
- ⊕ **Embedded/Hardware Design Services**
- ⊕ **Custom Product design**
- ⊕ **Manufacturing Services**
