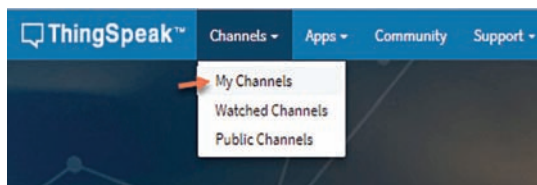

Fig. 5: ThingSpeak channel

MyChannels, then on Channels page click on My Channels, as shown in Fig. 5.

Next, under New Channel, in the boxes next to Fields 1, 2, and 3, enter the following channel setting values, as shown in Fig. 6:

Name: Dew Point Measurement

Field 1: Temperature (F)

Field 2: Humidity

Field 3: Dew Point

Next, click on Save Channel at the bottom of the settings. You will

now see the following tabs:

Private View. It displays information about your channel that only you can see.

Public View. If you choose to make your

channel publicly available, use this tab to display selected fields and channel visualisations.

Channel Settings. It shows all the channel options you set at the time of creation. You can edit, clear, or delete the channel from this tab.

Sharing. It shows channel sharing options. You can set a channel as private, shared with everyone (public), or shared with specific users.

API Keys. This tab displays your channel API keys. Use the keys to
