

PM Modi calls for speedy self-reliance in technology

Culminating the 'Azaadi ka Amrit Mahotsav,' Prime Minister Narendra Modi called this decade the "decade of technology." He confirmed the Atal Innovation Mission and its incubation centres were contributing to the development of start-ups and opening up a whole new sector for the youth. He also spoke of the importance of investing in

the digital domain. Talking about our energy dependence on imports, Modi called for speedy self-reliance in this domain with the help of renewables, underlining the importance of electric vehicles.

Indian army launches 'Him Drone-a-thon' programme

To provide focused opportunities to the Indian drone ecosystem, the Indian Army has launched a programme called 'Him Drone-a-thon.' It aims to sustainably connect all the

stakeholders across India, including drone product manufacturers, industry, academia, and software developers. The programme will be conducted in stages with quantifi-

able parameters like altitude, weight, range, and endurance being gradually upgraded based on demonstrated capabilities.

PEOPLE (on the move)
