Smartphone

With Super AMOLED display

Samsung has launched Galaxy Z Flip 5G smartphone in India. As the name implies, the new smartphone comes with 5G support. It is available in new mystic gray and mystic bronze colour options. It comes with a 17cm (6.7-inch) full HD+ Dynamic AMOLED display and 21:9:9 aspect ratio. It also has a 2.8cm (1.1-inch) Super AMOLED display with 303ppi.

It features a 12MP ultra-wide camera and a 12MP wide-angle camera. At the front, the phone has a 10MP sensor. For performance, the phone relies on the latest Snapdragon 865 Plus processor coupled with 8GB RAM and 256GB built-in storage.

It is powered by a 3,300mAh battery. Other key features of the phone include support for nano-SIM + e-SIM, Bluetooth 5.0, and fingerprint sensor.

Earbuds

With Warp Charge technology

Oneplus has launched its first truly wireless earbuds. OnePlus buds are available in three colour variants—white, grey, and blue. The charging case of the earbuds has a USB Type-C port and features the company's Warp Charge standard for fast charging.

These also feature environmental noise-cancelling technology for better sound on voice calls. There is also support for Dolby Atmos.

The company states that the case can provide up to ten hours of battery life with just ten minutes of charging. In addition, up to thirty hours of battery life is claimed per charge cycle, with a promised listening time of up to seven hours. The earbuds also feature touch controls for play-back, calls, and voice assistance.

Laptop

With Bluelight shield

Acer has launched a new budget laptop, Extensa 15, in India. The laptop comes with a 39.7cm (15.6-inch) full HD display and has a battery life of eight hours. It also features a Bluelight shield to reduce eye strain when working for long hours continuously.

It is powered by the 10th-generation Intel Core i3 processor (turbo speed up to 3.40GHz) coupled with 4GB RAM and 1TB storage space. To expand the storage externally, there are two USB 2.0 ports and one USB 3.1 Gen 1 port. In addition, there is a LAN port, HDMI port, and 3.5mm headphone jack.

The laptop also features Wi-Fi 5 and Bluetooth v4.2 for wireless connectivity. It is powered by dual-cell lithium-ion battery. The laptop comes with a 3-pin 45W AC adapter for charging.
