

Camera

With advanced image stabilisation

Sony has launched its new pocket-sized camera ZV-1, especially for bloggers and content curators. The camera features a flip-out, tiltable LCD screen. There is also a recording lamp on the front of the camera that indicates active recording.

ZV-1's advanced image stabilisation ensures steady video even with hand-held shooting while walking. In HD mode, the camera combines optical and electronic stabilisation to reduce shaking up to eleven times. While shooting a 4K video, the Optical Steady Shot mode offers improvement in stabilisation up to eight times.

The camera, with its 20MP 1.0-type CMOS sensor and wide-aperture lens, offers advanced colour science re-engineered to optimise skin tones, and the new Bokeh switch function enables the user to quickly adjust the optical aperture.

As for the audio, the compact camera has Sony's latest directional three-capsule microphone, made especially for selfie mode.

Soundbar

With LED display

Zebronics has launched ZEB-Juke Bar 9400 Pro Dolby 5.1 soundbar in India. The newly launched soundbar offers connectivity options such as Bluetooth and HDMI (ARC) input.

Other features include an LED display, media and volume controls, and remote control. It also supports Dolby Digital sound processing. It is available in a black colour variant.

The soundbar includes subwoofer with 150W power output, 225W soundbar, and two satellite speakers with a power output of 75W each. It comes with a frequency response range of 45Hz to 20,000Hz.

The soundbar also features a multi-driver setup to provide balanced sound quality. Users can also mount the soundbar on the wall or place it on a flat surface, as per their convenience.

Headphones

With fast charging support

Audio brand Jabra has launched Elite 45h on-ear headphones. These are available in a copper black colour variant. The headphones offer a battery life of up to fifty hours on a single charge. These headphones also support fast charging via USB Type-C that provides up to ten hours of usage in just fifteen minutes of charging.

The headset has dual-microphone and comes with one-touch access to Amazon Alexa, Siri, and Google Assistant.

Elite 45h also features a large 40mm speaker. For optimisation and personalisation, the company has included 'Mysound' technology. The company is also offering Jabra Sound+ app for further customising audio experience with the headphones.

For connectivity, the headphones offer Bluetooth v5.0 connectivity and support multiple Bluetooth profiles, including HSP v1.2, HFP v1.7, A2DP v1.3, AVRCP v1.6, and SSP v1.2. Further, there is a multi-connect option to let you connect two devices simultaneously.
