Asus X series (X540UA-GQ703). X series laptops by Asus feature 4GB RAM (DDR4) and 1TB internal storage. These are

backed by Intel Core i3 seventh-generation processor to deliver a seamless computing experience.

A mixture of hardware, software and tuning, SonicMaster has been developed with the goal of giving great notebook PC audio. A professional codec ensures precise and sound performance; an optimised amplifier, larger speakers and resonance chambers deliver powerful audio output and deeper bass.

The device features four visual modes that can be accessed with a single click. Vivid Mode optimises contrast for browsing photos or watching videos and movies; Eye Care Mode reduces blue light levels and is ideal for reading for long hours. Normal Mode has been tuned for daily tasks; Manual Mode is for advanced colour adjustments.
