

Smart TVs

With built-in Chromecast

Vu has launched two new smart TVs in India under its Vu Cinema Smart TV series. The latest Vu Cinema TV comes in 81.3cm (32-inch) and 109.2cm (43-inch) sizes.

Both smart TVs come with built-in Chromecast and support for Apple AirPlay and Dolby Audio. The smart TVs also feature a voice assistant remote and run on Android 9.0 Pie. There's access to OTT platforms like Netflix, Prime Video, Hotstar, YouTube, and Google Play apps.

These are powered by a quad-core processor paired with 8GB storage and 1GB RAM. Their connectivity options include Bluetooth 5.0, Wi-Fi, HDMI CEC, and ARC. Both the smart TVs feature thin bezels with a 40W soundbar attached.

Price
32-inch models:
₹ 12,999
43-inch models:
₹ 21,999

The voice assistant feature supports the Hindi language as well. There is a Vu Help app, which provides steps on how to use Android Smart function, learn more about the apps and software, or how to set up the TV.

Earbuds

With extra bass

Sony has launched its first-ever truly wireless earbuds in India—WF-SP800N and WF-XB700. The earbuds are available in black and blue colour options for XB700 and black, blue, and white colour options for SP800N.

WF-SP800N earbuds are part of the sports-focused range of personal audio products. These come with active noise cancellation and IP55-certified dust and water resistance. These earbuds are an excellent option for users who are looking for premium features in true wireless earphones.

The earbuds have a battery life of nine hours and an additional nine hours from the case. These also feature quick charging that brings an hour of use with ten minutes of charging. There are gesture controls on the earbuds, access to voice assistants, app-based customisation through the Sony Headphones Connect app, and USB Type-C charging.

WF-XB700 earbuds are part of the company's 'extra bass' range. These feature an IPX4 water resistance rating and up to eighteen hours of battery life. The earbuds get support for SBC and AAC Bluetooth codecs. The charging case features a USB Type-C port.

Price
SP800N:
₹ 18,990
XB700: ₹ 9,990

Notebook

With better audio quality

Acer has expanded its notebook series by launching Swift 3 notebook in India. It is available in a silver colour variant. It sports a 35.5cm (14-inch) full HD IPS display with 82.73 per cent screen-to-body ratio. The notebook is powered by AMD Ryzen 4000 series mobile processor coupled with Radeon graphics, 16GB RAM, and 1TB storage space.

It also features DTS audio for better audio performance and Windows Hello via a fingerprint reader. It comes with a Wake on Voice (WoV) feature that enables users to activate Windows 10 using their voice even when the screen is off. It also allows users to interact with Cortana when the notebook is on the standby mode. There's also password-free access, which gives users quick access to the notebook.

As far as connectivity is concerned, the notebook features support for dual-band Wi-Fi-6 (802.11 ax), USB Type-C port, and Bluetooth 5.0, among other things. It comes with a battery that can last up to eleven hours.
