Party speaker

Deep bass speakers with remote and wireless microphone karaoke

French audio brand ZOOOK has added another speaker to its flagship Thunder series, ZOOOK Thunder Pro Bluetooth party speaker. The cutting-edge karaoke product is packed with latest audio technology, and has powerful thirty-watt speaker and deep bass support that ensure powerful entertainment for every house party. To take the excitement to the next level, ZOOOK has added flashing LED DJ lights to the speaker. The speaker also comes with a remote control and a wireless microphone for karaoke that can bring freshness to routine gatherings. The product supports TF card plus MP3 playback, and has inbuilt FM, aux and USB input.

The device is powered by 1800mAh battery support. True wireless technology provides easy and uncompromised music play, while audio is enabled with stereo technology for high-quality music playback. The party speaker has a set of other amazing features such as professional echo control, and EQ control for enhanced voice quality and better sound delivery. EQ control is specially incorporated to enhance the existing capability of deep bass.
