

is ideal for on-grid as well as off-grid applications. The high-efficiency

solar cells ensure high performance of solar modules, create more power in peak hours, and also offer high performance at a reasonable cost with the ability to withstand hail, snow, and ice storms. Along with

25 years performance warranty, this solar panel is furnished with heavy-duty anodised aluminium frames with pre-drilled holes for quick installation.

Price: ₹ 5,200

Luminous 100W/12V poly panel.

It has a polycrystalline cell type panel, anti-reflective coating, and back

surface (BSF) for more light absorption. It also features lightweight, aluminium frame design for high torsion resistance against winds and snow loads.

Moreover, it also comes with 25 years of performance warranty and works quite well in low visibility.

Price: ₹ 4,600

Loom solar 125W/12V mono panel. This solar panel has A-grade anti-PID mono perk cells and also works well in low light and cloudy weather. Apart from 25 years of performance warranty,

it also offers ten years of manufacturing warranty on manufacturing defects. It features unbreakable glass for outdoor use and a corrosion-resistant aluminium frame, allowing the panels to

last for decades and withstand high winds and snow loads.

Price: ₹ 11,000

Patanjali 100W/12V poly panel.

It is a low-cost solar panel available for homes.

It features positive power tolerance of up to 5W along with a performance warranty of 25 years and a product

warranty of ten years. This panel is suitable for the ground-mounted solar system, rooftop solar system, solar street lighting, and solar water pumping.

Price: ₹ 2,800 (via Indiamart only)

Solodine 100W/12V poly panel.

This solar panel offers stable performance due to the IP67 waterproof junction box. It is MNRE and IEC approved and features a superior polycrystalline solar module.

Technical specifications:

Wattage: 100W

Voltage at max power: 20.4V

Current at max power: 6.13 amps

Open circuit voltage: 23.8V

Short circuit current: 5.1 amps

Number of solar cells: 36 units

Weight: 8kg

Dimensions (LxWxH): 66.6cm × 3.5cm × 100.6cm

Price: ₹ 3,599

Loom solar panel 180W/12V monocrystalline.

Loom Solar 180W solar panel is made of A-grade black silicon cells to generate electricity from the sun. The cells are made of superior quality silicon, which gives higher efficiency of up to twenty per cent and performs well even in low light. It comes with monocrystalline technology, five busbars, 36 cells, and 25 years of performance warranty.

Price: ₹ 8,500 **EFY**

The prices may vary based on location and vendor.
